

Derby Motor Boat Club - 2008 to 2010

2008

G P Thomas was elected Commodore, R G Stones was elected Vice-Commodore and D Smith was elected Rear-Commodore.

At the Council meeting on the 20th May 2008, approval was given to proceed with the provision of a building to cover the slipways. Consent was given by the local authority in October 2008. Foundations were installed by members during February and March 2009 and the building was installed and completed in March and April 2009.

In September 2008 the Club Rally was held.

2009

In September 2009 the DMBC Council approved the installation of new power supply to all moorings complying with the latest Regulations. This provided one outlet socket per mooring (four outlets per post) and fully designed wiring circuits. During the work, further approval was given to incorporate a new water supply to each alternate post. The work was completed early in 2010.

2010

G Warsop memories : Phil Thomas, has a twin screw boat.
